How to add AllStream to more devices

You can add AllStream to more devices. You just need to generate a new login and passphrase.

From an iOS (Apple) device that already has active AllStream service, open your Tab Bar by pressing the Menu button at the top, which will open the menu. Then press Settings, then Manage Devices.

All yours.

How to add AllStream to more devices, continued

Next, a new Login and Passphrase will display on your screen. Use that information when activating AllStream on additional devices.

If you're adding another Apple iOS device, repeat the steps in this user guide. If you're adding an Amazon Fire TV stick, an Apple TV or an Android device, refer to the user guides for activating AllStream on those devices.

You can also use this area to delete any devices currently authorized.
