

How to Activate AllStream Now on Additional Devices

Using your Apple TV 4K

You can activate AllStream Now to more supported devices by generating a new login and passphrase. From an Apple TV 4K device that has active AllStream service, open your AllStream Now app.

With the AllStream programming guide active on your screen, press the back button on your Apple TV remote to open the Tab bar. Select Account from the Tab bar.

Then, arrow down and select Add Device.

A new Login and Passphrase will display on your screen. Use that information when activating AllStream on additional devices.
