

Activating AllStream Now on Amazon Fire TV Stick 4K Max (2nd Generation)

Instructions for your Amazon Fire TV Stick may vary depending on its model and software version.

Getting Started

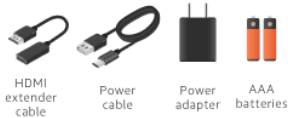

You will need these items before you begin:

1. Amazon Fire TV Stick and Remote
2. Amazon Account Login Information (If you don't have an Amazon account, you can sign up for one for free at amazon.com. Please note, you don't need to pay for Amazon Prime to use an Amazon account.)
3. Wi-Fi password
4. AllStream Login and Passphrase. Alliance should have emailed this to you, or you can generate a new one from a device that already has AllStream activated on it. Call us at (605) 582-6311 if you need help.

MEET YOUR FIRE TV STICK 4K

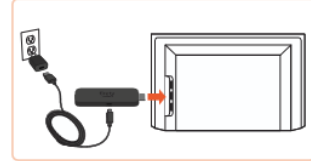

Also included:

MEET YOUR ALEXA VOICE REMOTE

CONNECT YOUR FIRE TV STICK 4K

- 1 Plug your Fire TV Stick 4K into your TV's HDMI port and insert one end of the power cable into your stick's power port.
- 2 Insert the other end of the power cable into the power adapter, then plug the adapter into a power outlet.

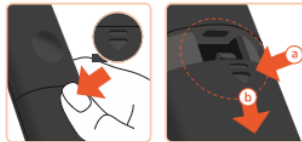

Optional: use the included HDMI extender if it's difficult to plug your Fire TV Stick 4K into your TV's HDMI port.

- 3 Turn on your TV and switch to the appropriate HDMI input.

Tip: use the remote that came with your TV to select the HDMI source or input.

SET UP YOUR REMOTE

- 1 Press and hold your thumb on the arrow to release the latch.
- 2 Make sure you (a) press the arrow firmly to release the latch as you (b) slide the cover off.
- 3 Insert included batteries.

Note: If it didn't pair, press and hold Home (c) for 10 seconds.

HELPFUL TIPS

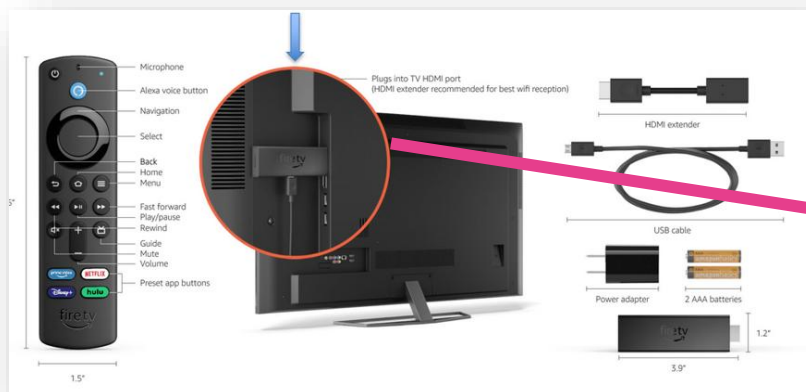

If your new remote doesn't connect, remove and reinsert its batteries.

Replace used batteries with new 1.5V alkaline or 1.2V NiMH rechargeable AAA batteries.

amazon alexa

Use your Alexa Voice Remote with your Fire TV Stick 4K to search for and enjoy thousands of movies, TV shows, apps, and games.

Using your remote to navigate

Pressing left, right, up or down on the remote's navigation ring will highlight specific items.

Pressing the center of the remote circle will open a selected item.

To return to the Home Screen, press the Home button.

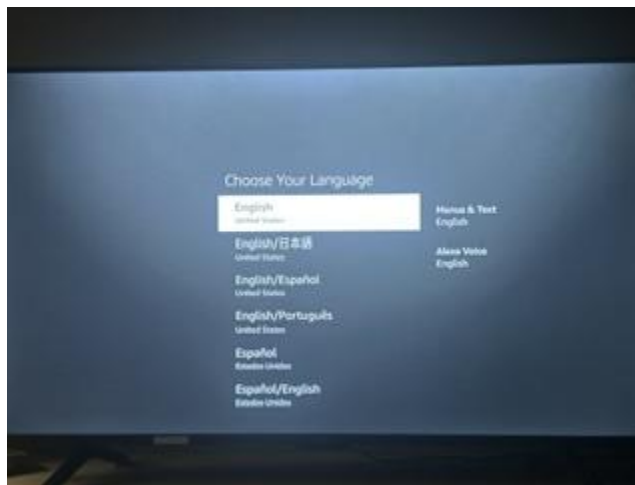

Press the Back button to move back to the previous screen.

Amazon Firestick 4K Max 2nd Generation (Wi-Fi 6E)

Setting up your Amazon Fire TV Stick 4K Max (2nd Generation)

Plug the Fire TV Stick 4K Max (2nd Generation) into your TV. Using your Amazon Fire TV remote, press the Play/Pause button to start. Then choose your language and press the select button.

Activating AllStream Now on Amazon Fire TV Stick 4K Max (2nd Generation)

You can use your phone or Amazon remote to search for available Wi-Fi networks.

Choose your Wi-Fi network and press the Select button on the remote.

A box will appear and prompt you to enter your Wi-Fi password. Once entered, press the connect button to continue. A successful connection message will appear once connected.

Your Amazon Fire TV Stick 4K Max (2nd Generation) will search for updates. Follow the on-screen instructions to update, if needed.

Activating AllStream Now on Amazon Fire TV Stick 4K Max (2nd Generation)

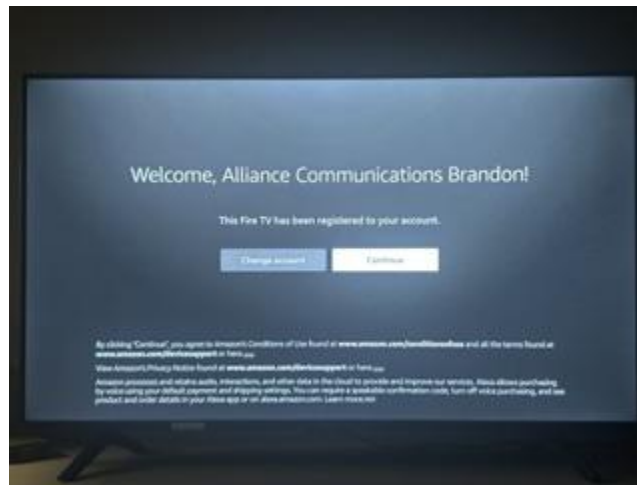

Next, it will ask you to sign in with your Amazon account. If you don't already have one, choose "New to Amazon?" to create an account. As a reminder, you need an Amazon account to use AllStream Now on an Amazon Fire TV device. You can create an account for free. Amazon Prime is NOT required.

After you select "Have an account" you will see a screen as shown below. You can sign in using any of the steps listed.

Select Continue.

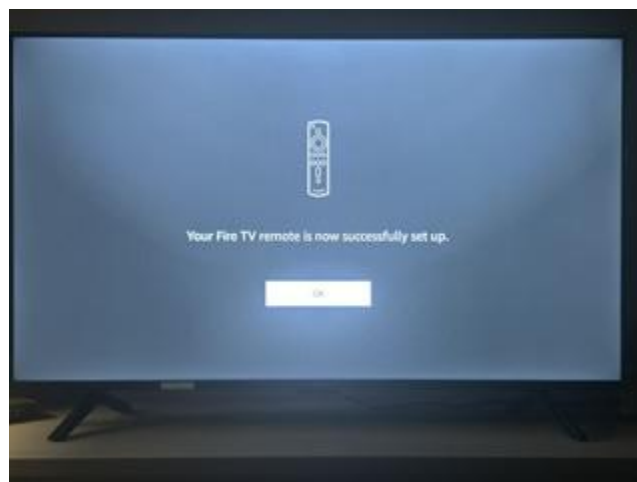

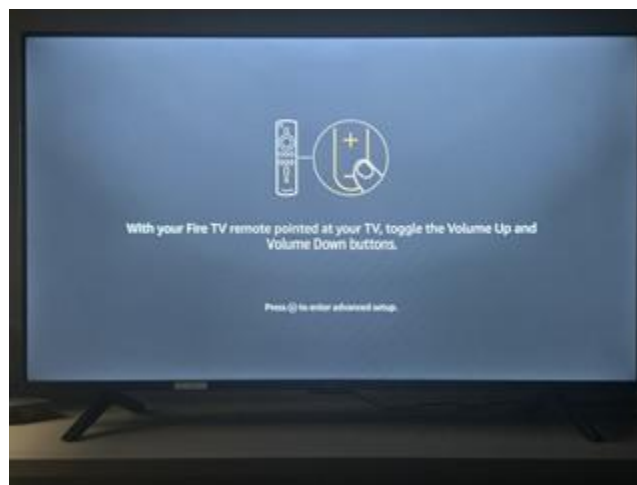

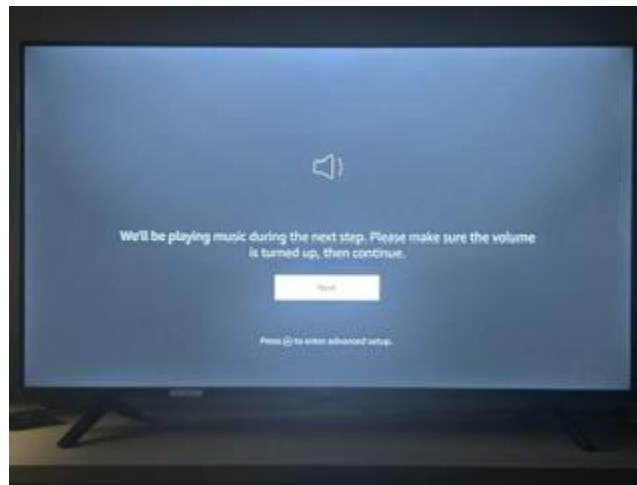

Choose No or Yes, to allow Amazon to save Wi-Fi passwords.

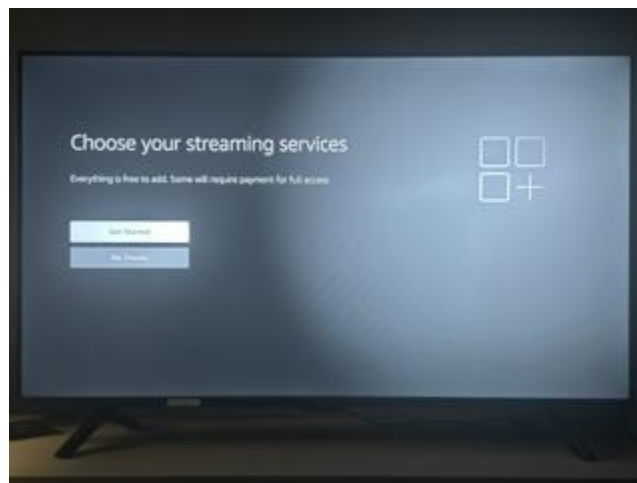

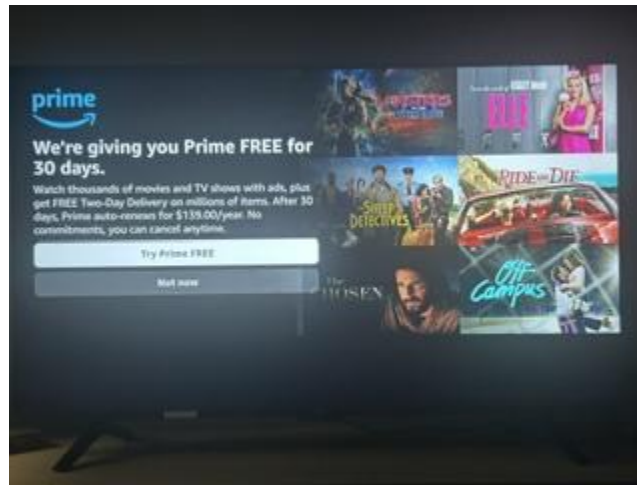

Select your brand of TV from the list.

Next, your Amazon TV Fire Stick will prepare your remote for setup. Follow the steps on the screen.

Next you will have the option to purchase Amazon Prime, choose your streaming services, and set Parental Controls. These are all optional. You are NOT required to purchase Amazon Prime to add AllStream to your Amazon TV Fire Stick 4K Max (2nd Generation).

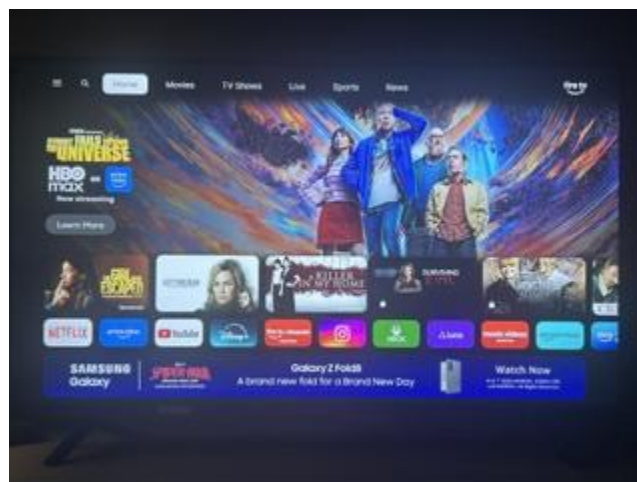

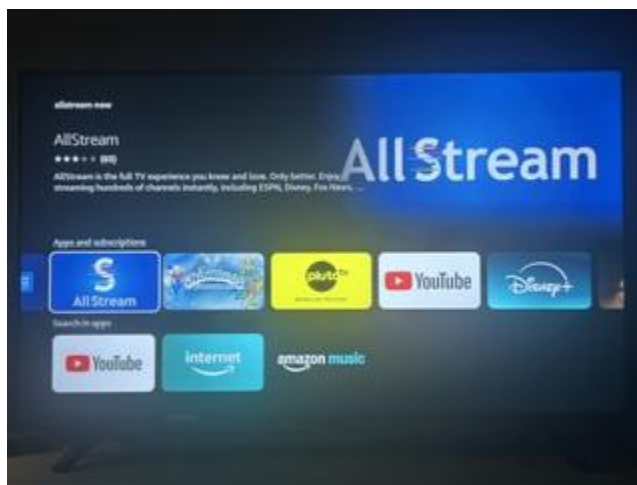

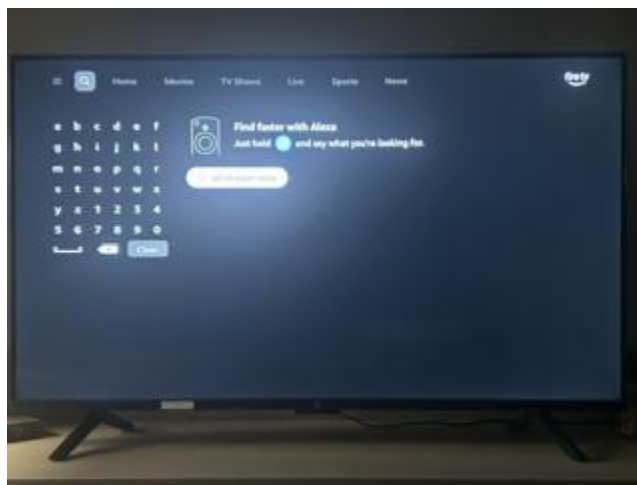

If you want, you can add profiles to your Amazon TV Fire Stick 4K Max.

From the Main Menu, navigate to the Search (magnifying glass) using your Amazon remote. Type in AllStream Now. Navigate to the right to select AllStream Now from your search results.

How to Activate AllStream Now on Additional Devices Using your Amazon Fire TV Stick

You can activate AllStream Now to more supported devices by generating a new login and passphrase. From an Amazon Fire TV Stick device that has active AllStream service, open your AllStream Now app.

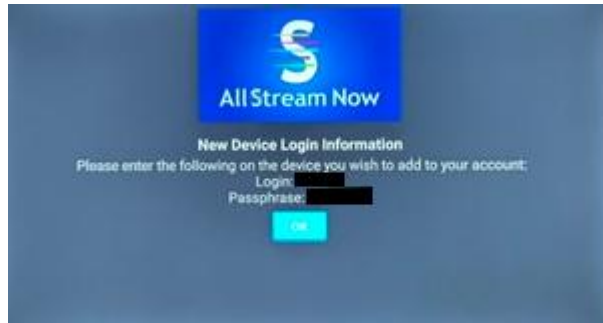

With the AllStream programming guide active on your screen, press the back button on your Amazon Fire TV Stick remote to open the Tab bar. Select Settings from the Tab bar.

In Settings, select Account. Then, arrow down and select Add Device.

A new Login and Passphrase will display on your screen. Use that information when activating AllStream on additional devices.
