

Hosted Phone

Connect, Collaborate, and Stay Productive

Alliance Communications Hosted Phone Service helps your team communicate more efficiently from the office, at home, or on the go. Our feature-rich Yealink phones provide crystal-clear call quality, easy-to-use functionality, and seamless integration with Microsoft Teams. Employees can make and receive calls, access voicemail, manage contacts, and stay connected across devices, helping teams work together more effectively wherever business takes them.

With Hosted Phone Service from Alliance Communications, you receive a reliable business phone solution backed by local support, advanced calling features, mobile and desktop applications, call routing options, voicemail-to-email, conferencing capabilities, and flexible solutions that grow with your business. Whether you have a single location or multiple offices, Alliance helps keep your team connected and your customers satisfied.

Yealink IP Phone
